The said resolution was approved and ratified by the stockholders during the annual meeting held on June 11, 2018. This new business venture is in compliance with the Company's main Business Plan, as previously disclosed to the SEC and the PSE, which is to maximize its structure as holding company and focus on the ASEAN region and other Asian investments, with a view to integration

into the ASEAN Economic Community. The Company plans to expand its holdings in Information Technology to include ventures in energy and power-related holdings, agri-business and real estate.

Management's Discussion and Analysis

Starting December 2014, Jackstones Inc. (JAS) is steadily being transformed into a holding company for projects, property ventures, businesses and assets primarily in the ASEAN region and neighboring Asian countries without industry-specific limitations. The management team shall benefit enormously from the excellent business and management track record of its Chairman.

Being a publicly listed holding company in the PSE positioned as a prime mover in ASEAN-focused businesses is a very compelling competitive edge. This widens the reach of the Company and hedges the Company's well-being across the performance of all the ASEAN member economies. This also makes the liquidity of JAS better due to an ASEAN-wide market interest for a Philippine-based holding company.

The Company's objectives when managing capital are to support the Company's ability to effectively deploy capital and to protect the interest of its shareholders.

Management shall utilize the capital structure that generates the most value for shareholders and this may entail adjustments to dividends paid to shareholders, loans obtained from banks, and the issuance of new shares. Total capital being managed by the Company is its total equity as shown in the attached statement of financial position.

The Company is also currently negotiating with various investment groups to raise new capital and is also seriously considering another public offering to raise more funds for its investments and holdings. The Company continues to review projects, ventures, businesses and assets that can be included in the holdings of the Company for which JAS may issue shares in exchange for owning them.

There are no known trends or known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the Company's liquidity increasing or decreasing in any material way. There are no events that will trigger direct or contingent financial obligation that is material to the Company, including any default or acceleration of an obligation.

There are no material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the Company with unconsolidated entities or other persons created during the reporting period. Likewise, there are no material commitments for capital expenditures.

There are no known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable or unfavorable impact on net sales or revenues or income from continuing operations. There are no seasonal aspects that had a material effect on the financial condition or results of operations.

PART I. FINANCIAL INFORMATION

Item 1. Financial Statements

Attached are the interim financial statements of Jackstones, Inc. (the "Corporation") for the period ending 30 June 2018. These interim financial statements are in compliance with Philippine Financial Reporting Standards. In addition, the same accounting policies and methods of computation used in the most recent annual audited financial statements were followed in preparing these statements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Business Overview

The Company's shares are listed in the Philippine Stock Exchange (PSE) but the trading of the Company's shares was suspended until June 30, 2013. The PSE lifted the suspension on July 9, 2013 and the shares are now tradable.

On October 12, 2014, a group of individual and corporate shareholders entered into a Memorandum of Agreement with Ketton Holdings, Inc. and a group of individual investors for the sale of the formers' shares of stock representing 70% of the outstanding share capital of the Company. The sale effectively transferred control of the Company to Ketton Holdings, Inc. which became the parent company and ultimate controlling party, owning 54% equity interest of Jackstones, Inc. Ketton Holdings, Inc. is a domestic corporation registered with the Philippines SEC.

On June 13, 2017, the stockholders of the Corporation approved the amendment of the Seventh Article of the Articles of Incorporation increasing the authorized capital stock to Five Hundred Million Pesos (P500,000,000.00), Philippine Currency, divided into Five Hundred Million (500,000,000) Common Shares with a par value of One Peso (P1.00) each share. The said amendment was approved by the SEC on February 7, 2018.

The Board of Directors, in a meeting held on March 14, 2018, approved a resolution for listing of the whole unissued portion of the authorized capital stock, or a total of 330,000,000 shares. The said resolution was ratified by the stockholders during the annual meeting on June 11, 2018. Initially, the Corporation will apply for listing with the PSE and SEC of 82,500,000 shares. The rest of the shares will be applied for listing at a future date as a secondary offering to be sold to the investing public.

The Company has 4 regular employees as of June 30, 2018 and December 31, 2017. The record keeping of its transactions is outsourced to a third party consultant.

Results of Operation

Starting January 1, 2008, the Company has gone into a state of dormancy, awaiting further management plans. The Company's ability to operate on a going concern basis is dependent upon its ability to generate immediate additional capital infusion and sufficient cash flows to meet its obligations, to develop sustainable business strategies and undertake measures to attain long-term financial stability. Despite the Company's capital position at December 2014, management believes that the Company will be able to continue as a going concern considering the entry of new shareholders in 2014. The Company's long-term business plans are currently under evaluation of the new controlling shareholders.

Starting December 2014, Jackstones Inc. (JAS) is steadily being transformed into a holding company for projects, property ventures, businesses and assets primarily in the ASEAN region and neighboring

Asian countries without industry-specific limitations. The management team shall benefit enormously from the excellent business and management track record of its Chairman.

On October 20, 2017, the SEC approved the Articles of Incorporation and By-Laws of Jackstones Properties, Inc. (JPI), a wholly owned subsidiary of the Company which will allow the latter to engage in the business of owning, holding, developing, selling of real property intended for mixed-use real property development projects.

On June 13, 2018, JPI entered into a Deed of Sale with Wondered Corporation covering the sale of land located in Marikina City with a total area of 2,652.30 sq. meters.

Financial Condition

The Company's objectives when managing capital are to support the Company's ability to effectively deploy capital and to protect the interest of its shareholders.

Management shall utilize the capital structure that generates the most value for shareholders and this may entail adjustments to dividends paid to shareholders, loans obtained from banks, and the issuance of new shares. Total capital being managed by the Company as its total equity as shown in the attached statement of financial position.

The Company is also currently negotiating with various investment groups to raise new capital and is also seriously considering another public offering to raise more funds for its investments and holdings. The Company continues to review projects, ventures, businesses and assets that can be included in the holdings of the Company for which JAS may issue shares in exchange for owning them.

A Memorandum of Agreement between Ketton Holdings, Inc. and the previous shareholders states that any claims filed against the Company by ING following the closing date of the sale, with regards the loan extended by ING to PACEMCO, shall be for the account of the previous shareholders. Accordingly, management believes that the Company's financial position and results of operations will not be significantly affected from the ultimate disposition of outstanding legal cases and claims. Further, there are no other material events and uncertainties known to management that would cause reported financial information not to be necessarily indicative of the future financial condition of the Company.

There are no material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the Company with unconsolidated entities or other persons created during the reporting period. Likewise, there are no material commitments for capital expenditures.

There are no known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable or unfavorable impact on net sales or revenues or income from continuing operations. There are no seasonal aspects that had a material effect on the financial condition or results of operations.

As of June 30, 2018, the Company's and its subsidiary's assets consist of Cash in the amount of Php59,300,357.00, Input Vat in the amount of Php1,308,396.00, and Land held for sale and development valued at of Php16,986,717.00.
